What are the Reserve funds, how are they funded and what are they used for?

The purpose of the reserve funds is to provide financial stability and to avoid the need for special assessments. We have two Reserve funds:

A Statutory Reserve and a non-Statutory Reserve.

1. The Statutory Reserve was established by a membership vote after turnover in accordance with Florida Statute. Hence, the term Statutory Reserve. The purpose of this reserve is to ensure we will have the funds to replace capital assets when needed. It has an annual contribution defined by a Capital Replacement Reserve Study which is typically updated every 2 years. It must be funded every year unless waved by a membership vote.
2. We also have a non-Statutory Reserve which was established by the board in 2019. This was initially funded with \$138,600 in incentive compensation the Master Association received for signing a new five-year contract with Comcast in 2019. In accordance with our bylaws, the board will have the authority to use this fund for the following purposes:
 - a. Operating expenses
 - b. Repairs
 - c. Improvements
 - d. Capital expenditures
 - e. Deferred maintenance
